Expiration dates on passes are firm. Please be mindful when purchasing them.

5-day passes expire after 30 days of purchase

10-day passes expire after 60 days of purchase

20-day passes expire after 90 days of purchase

Passes only apply to full days, not half-days. No more than ten half-days may be paid for ahead of time. There is no expiration date on half-day purchases. However, if your dog has not attended daycare for six months or longer, any half-days left over will become null and void as your dog may need to complete another temperament test to attend daycare again.
